Designated Business Group – Formation Guideline

Updated in December 2017
Guideline to reporting entities on eligibility, formation, notification and withdrawal from a designated business group

1. This guideline is designed to help reporting entities forming a designated business group (DBG) understand the process for doing so. Entities may form a DBG if they are eligible to do so under the Anti-Money Laundering and Countering Financing of Terrorism Act 2009 (the AML/CFT Act) and associated regulations. This guideline highlights the eligibility criteria and election process, and explains the process for notifying an AML/CFT supervisor of the formation of a DBG, any addition or withdrawal of a member, or any change in details. Guidance on information sharing in a DBG is provided in the DBG Scope Guideline.

2. This guideline is provided for information only and cannot be relied on as evidence of complying with the requirements of the AML/CFT Act. It does not constitute legal advice from any of the AML/CFT supervisors and cannot be relied on as such.

What you will find in this guideline

3. This guideline is in three parts. They relate to:
   - Eligibility of members of a DBG
   - Election and notification
   - Withdrawal from a DBG – including dissolution of the DBG

4. The forms that you will need to elect, form, change or terminate a DBG are attached at the end of this guideline.

Eligibility for forming a DBG

5. A DBG is a group of two or more eligible persons that have elected in writing to form a group to enable some obligations under the AML/CFT Act to be met on a shared basis. Section 5(1) of the AML/CFT Act and the AML/CFT (Definitions) Regulations 2011 define a DBG and give details of the types of entities eligible to form a DBG.

6. Guidance on developing an AML/CFT programme is available from the AML/CFT supervisors. Guidance on the obligations that may be shared by members of a DBG is provided in the DBG Scope Guideline. Eligible entities may elect to form a DBG and rely on one member of the DBG for policies, procedures and controls relating to certain parts of an AML/CFT programme.

7. There are a number of ways members of a DBG can be related. This includes:
   - A related company within the meaning of section 2(3) the Companies Act 1993 that is a reporting entity in New Zealand or a person in a country with sufficient AML/CFT systems and is regulated for AML/CFT purposes

---

1 Refer to subsection (d)(i) in the definition of “designated business group” in section 5(1) of the AML/CFT Act.
• Providers of a service under a joint venture agreement to which each member of the group is a party
• Government departments, State enterprises or Crown entities
• Providers of products or services in common with a government department, State enterprise or Crown entity
• A body corporate that is:
  – A company, either overseas or domestic, within the meaning of section 2 of the Companies Act 1993
  – Related to every other body corporate; and
  – Either a reporting entity resident in New Zealand or in a country with sufficient AML/CFT systems
• A related law firm or subsidiary that is a reporting entity in New Zealand or an equivalent body in another country where lawyers are supervised/regulated within a sufficient AML/CFT system
• A related conveyancer or subsidiary that is a reporting entity in New Zealand or an equivalent body in another country where conveyancing is supervised/regulated within a sufficient AML/CFT system
• A related accounting practice or subsidiary that is a reporting entity in New Zealand or an equivalent body in another country where accountants are supervised/regulated within a sufficient AML/CFT system
• a related trust and company service provider or subsidiary that is a reporting entity in New Zealand or an equivalent body in another country where trust and company service providers are supervised/regulated within a sufficient AML/CFT system
• A related real estate agent or subsidiary that is a reporting entity in New Zealand or an equivalent body in another country where real estate agents are supervised/regulated within a sufficient AML/CFT system
• A related high-value dealer or subsidiary that is a reporting entity in New Zealand or an equivalent body in another country where high-value dealers are supervised/regulated within a sufficient AML/CFT system
• A group of money transfer agents or sub-agent
• An entity or class of entities prescribed by regulations

8. Members of a DBG do not have to be reporting entities. As mentioned above, entity types within the definition of a DBG include government departments that are not covered by the scope of the AML/CFT Act. Any third party, such as an overseas parent company, may elect to join a DBG where they meet the eligibility criteria and undertake activities or obligations on behalf of other members of a DBG.

9. No member of a DBG is able to be a member of more than one DBG in New Zealand. However, members of a DBG in New Zealand that operate overseas may also be a member of an overseas arrangement similar in nature to a DBG as defined in the AML/CFT Act.

2 Criterion (c) of the definition of “designated business group” in section 5(1) of the AML/CFT Act.
10. Information to assist an assessment of what constitutes a country with sufficient AML/CFT systems is in the Countries Assessment Guideline issued by the AML/CFT supervisors.

11. An AML/CFT supervisor may request further information from the reporting entity or proposed DBG member to determine whether they are eligible for membership in a DBG. The AML/CFT supervisor must do this within 30 days of receiving notification of any election to form or join a DBG in Form 1 in this guideline.

Additional conditions of membership

12. A DBG must elect a contact person. The contact person must notify the AML/CFT supervisor of any changes to the DBG, including withdrawal of any members of the DBG or termination of the DBG. Any notification must be in writing and received within 30 days of the change. Form 2 is included with this guideline for notifying the AML/CFT supervisors.

Additional members

13. New members may elect to join an existing DBG at any time so long as:
   a. Sufficient information is provided to determine whether the proposed new member meets the eligibility criteria; and
   b. The AML/CFT supervisor is given notice, by the contact person of the DBG, 30 days before the election to join the DBG takes effect.

Election and notification

Agree to conditions of membership for election to be valid

14. Each reporting entity must elect to be a member of the DBG. Elections must be in writing and include agreement to a number of conditions of membership, such as adhering to privacy requirements.

15. Section 36 of the AML/CFT Act sets out how to deal with personal information within a DBG. Importantly, all members of a DBG must agree in writing to comply with privacy principles 5–11 in section 6 of the Privacy Act 1993, which cover storage, access and accuracy of personal information held and limits on its use and disclosure.

16. New Zealand based members are already required to comply with the Privacy Act. However, they must still confirm that they will comply with the privacy principles. Overseas-based members must also provide assurance in writing that they will comply with the privacy principles in the Privacy Act or the equivalent protections in their jurisdiction.

Form for notifying the AML/CFT supervisor about the formation of a DBG

17. Form 1 in this guideline is designed to assist entities with the election process and to ensure entities meet the requirements of the AML/CFT Act and Regulations.

---

3 Criterion (e) of the definition of “designated business group” in section 5(1) of the AML/CFT Act.
Form for notifying the AML/CFT supervisor of changes to a DBG

18. Reporting entities can notify the relevant AML/CFT supervisors by submitting Form 2 in this guideline. The AML/CFT (Definitions) Regulations 2011 states that certain information must be included in an election form. The contact person for the DBG must ensure that the following information is provided:
   a. The name of each entity electing to join the DBG
   b. The name and contact details of a contact person for the DBG
   c. The name and contact details of each entity’s intended AML/CFT compliance officer
   d. Sufficient information to determine that each entity is eligible; and
   e. The date that the election will take effect (if more than 30 days from submission of an application containing the information in paragraphs (a) to (d))

19. The contact person for the DBG must also agree to conditions on membership of a DBG, such as complying with the privacy principles and notifying the AML/CFT supervisor of any change in information previously provided to any AML/CFT supervisor about the DBG.

20. The contact person of the DBG should send completed forms to the relevant AML/CFT supervisor for that member. This will not necessarily be the AML/CFT supervisor for all members of the proposed DBG.

Timing

21. Elections do not come into force until after 30 days of receipt of notification to the AML/CFT supervisors, unless further information is requested by the AML/CFT supervisor. Members of a DBG may choose a date in the future for the DBG to take effect, but that date must be after the period for AML/CFT supervisors to consider the DBG election notification. If no date is specified, the date is on completion of the standard 30-day period of review by the AML/CFT supervisor, or any subsequent period as necessary.

22. AML/CFT supervisors have 30 days in which to request additional information necessary to satisfy themselves that all members of the DBG are eligible to join the DBG and each member has elected to do so.

23. The 30-day period starts the day after receipt of the notification of election. AML/CFT supervisors will notify the DBG contact person in writing of receipt of the notification.

24. If the AML/CFT supervisor requires additional information, then the election does not come into force. A new 30-day period will begin once further information is received by the AML/CFT supervisor.

25. An AML/CFT supervisor may request further information that is necessary to establish eligibility for membership. It may include establishing:
   - The relationship to other entities (if entities are required to be related)
   - That the entities are in a joint venture
That each entity has agreed to the privacy principles
That an overseas entity is based in a country with sufficient AML/CFT systems and measures and how that was determined; or
That the overseas entity is supervised or regulated

26. The supervisor will respond to the application for formation of a DBG within 30 days.

Withdrawal or dissolving a DBG

27. When a member of a DBG withdraws from the DBG, the contact person for the DBG is required to notify the relevant AML/CFT supervisor of the withdrawal of that entity.⁴

28. Similarly, the contact person must notify the AML/CFT supervisor if the DBG is to be terminated.

29. Form 2 in this guideline should be used to notify the AML/CFT supervisor of changes to the DBG. The withdrawal of a member or dissolution of a DBG will be effective following receipt of notification by the AML/CFT supervisor.

30. When a member withdraws from a DBG, or the DBG is dissolved, each reporting entity must ensure that all aspects of a risk assessment and AML/CFT programme that were previously shared with another member of the DBG are now suitably provided for by the reporting entity. This includes ensuring that the policies, procedures and controls applying to each aspect of the AML/CFT programme are adequate and effective for the reporting entity.

31. If the same systems were used across the DBG, a reporting entity must make sure provision is made for duplicate or new systems, where appropriate, before withdrawal from the DBG is effective. For example, if record-keeping obligations are undertaken by one member of the DBG, it may still be appropriate for the reporting entity withdrawing from the DBG to use the same processes as the DBG.

32. The reporting entity is responsible for ensuring that they will continue to comply with any privacy requirements.
