### Statement of Reasons

This notice, which comes into force on 24 March 2016 and is revoked on 23 March 2021, applies to QBE Insurance (Australia) Limited, QBE Insurance (International) Limited, and QBE Lenders' Mortgage Insurance Limited (**exempt insurers**). Each exempt insurer is an insurer licensed by the Reserve Bank of New Zealand (the **Reserve Bank**).

This notice exempts the exempt insurers from the following provisions of the Financial Markets Conduct Act 2013 (the **Act**):

- subpart 3 of Part 7 of the Act to the extent that the subpart requires an FMC reporting entity that has 1 or more subsidiaries to prepare:
  - group financial statements; and
  - to comply with New Zealand generally accepted accounting practice (**NZ GAAP**):
- section 455(1)(c) which requires accounting records to be kept that enable an FMC reporting entity to ensure that its financial statements comply with NZ GAAP:
- section 461B which relates to financial statements for the New Zealand business:
- sections 461D and 461G which require financial statements to be audited by a qualified auditor and an auditor's report in respect of those financial statements.

The exemptions are subject to a number of conditions including that each exempt insurer prepares financial statements that comply with the financial reporting requirements of Australia.

The main effects of the exemptions are as follows:

- the exempt insurers are licensed insurers, and so are FMC reporting entities. For this reason their financial statement preparation, audit and lodgement obligations are appropriately regulated by subpart 3 of Part 7 of the Act. This notice grants the exempt insurers an exemption from the usual requirement in this subpart to prepare group financial statements. Instead, the exempt insurers are required to prepare financial statements as individual entities. In appropriate recognition of the exempt insurer's status as FMC reporting entities, the conditions of the notice recognise that these alternative financial statements continue to be required under subpart 3 of Part 7 of the Act, such that the provisions of the Companies Act 1993 that apply to companies that are not FMC reporting entities do not apply:
- the financial statements that are prepared will comply with generally accepted accounting principles in Australia (**Australian GAAP**) and will be completed in relation to the entity rather than the exempt insurer's group:
- the exempt insurer's financial statements will be audited by an approved auditor who is qualified under the laws of Australia to give an opinion as to whether the financial statements comply with Australian GAAP:

- the exempt insurer's financial statements will be accompanied by the exempt insurer's New Zealand business financial statements that comply with NZ GAAP and that are audited by an approved auditor from Australia or a qualified auditor in New Zealand;
- the exempt insurer's financial statements will be accompanied by the group financial statements of the exempt insurer's holding company, QBE Insurance Group Limited, that comply with Australian GAAP and that are audited by an approved auditor.

The Financial Markets Authority (the **FMA**), after satisfying itself as to the matters set out in section 557 of the Act, considers it appropriate to grant the exemption because—

- the Financial Markets Conduct (Overseas Registered Banks and Licensed Insurers) Exemption Notice 2015 (**class notice**) allows overseas registered banks and licensed insurers to prepare, have audited and lodge financial statements that comply with generally accepted accounting practice in their home jurisdictions rather than NZ GAAP. The class notice requires overseas registered banks and licensed insurers with 1 or more subsidiaries to prepare, audit and lodge group financial statements that comply with generally accepted accounting practice in their home jurisdictions. The exempt insurers cannot readily rely on the class notice because, under Australian GAAP, and Australian law and regulatory requirements, they are not required to produce group financial statements:
- the Reserve Bank assesses the financial reporting and audit requirements of the overseas jurisdiction of any overseas insurer seeking a licence in New Zealand. In this case the overseas jurisdiction of the exempt insurers is Australia. The FMA is satisfied the financial reporting and audit requirements of Australia will provide sufficient and appropriate information to the Reserve Bank for it to undertake prudential regulation of the exempt insurers. The FMA is also satisfied that policy holders will have access to information from the exempt insurers broadly similar, and equivalent, to the information they would otherwise had access to:
- the exempt insurers are regulated in Australia by the Australian Securities and Investments Commission (**ASIC**) and supervised by the Australian Prudential Regulation Authority (**APRA**). ASIC is a signatory to the International Organization of Securities Commission's Multilateral Memorandum of Understanding Concerning Consultation and Cooperation and the Exchange of Information. APRA and the Reserve Bank have entered into a Memorandum of Understanding Concerning Co-operation in Banking and Insurance Supervision. This means that the FMA and the Reserve Bank will be able to obtain co-operation from ASIC and APRA if any compliance concerns arise in relation to the exempt insurers:
- the additional cost of preparing and auditing group financial statements under New Zealand requirements in addition to costs associated with preparing and auditing financial statements in accordance with Australian requirements would outweigh the benefits to policy holders of having access to financial statements prepared in accordance with NZ GAAP rather than Australian GAAP. As such the granting of the exemptions is desirable in order to promote the purposes of the Act, by avoiding unnecessary compliance costs:
- the FMA is further satisfied that the extent of the exemptions are not broader than is reasonably necessary to address the matters that give rise to the exemptions, given that—
  - the exemptions only address particular issues experienced by the exempt insurers, that arise because they are not required to prepare group financial statements under Australian law and regulatory requirements, which means that they cannot readily rely on the class notice; and
  - the exemptions and conditions, consistent with the policy of the class notice, mean policy holders will have access to financial statements lodged in New Zealand that meet financial reporting requirements and auditing and assurance standards in Australia; and

- the exemptions will not apply if an exempt insurer becomes an FMC reporting entity because it is an issuer of a regulated product within the meaning of section 451(a) of the Act in addition to being an FMC reporting entity due to the fact it is a licensed insurer.
