

Memorandum of Understanding

European Securities and Markets Authority

New Zealand Financial Markets Authority

**Memorandum of Understanding between ESMA and New Zealand FMA establishing
cooperation arrangements under Article 30 of Regulation (EU) 2016/1011 of the European
Parliament and of the Council**

On 30 October 2025, the European Commission adopted Commission Implementing Decision (EU) 2025/2197¹ (the “Equivalence Decision”) under Article 30(2) of Regulation (EU) 2016/1011 of the European Parliament and of the Council² (“BMR”) regarding New Zealand, determining that administrators licensed by the Financial Markets Authority in New Zealand comply with binding requirements which are equivalent to the requirements under BMR, and that the binding requirements are subject to effective supervision and enforcement on an on-going basis in New Zealand.

Following the adoption of the Equivalence Decision, the European Securities and Markets Authority (“ESMA”) must establish cooperation arrangements with New Zealand. The minimum content of the cooperation arrangements is defined in Article 30(4) of BMR, and further specified in Commission Delegated Regulation (EU) 2018/1644³.

ESMA and the New Zealand Financial Markets Authority (“FMA”) have therefore reached this Memorandum of Understanding (“MoU”) whose purpose is two-fold, namely to:

- 1) establish cooperation arrangements between ESMA and FMA which are operational, thereby ensuring the fulfilment of the condition set out in Article 30(1)(d) of BMR; and
- 2) provide ESMA and FMA with an appropriate mechanism for the exchange of information, including the mechanism for prompt notification to ESMA where FMA deems that an administrator authorised in New Zealand and covered by the equivalence decision of the European Commission is in breach of the conditions of its authorisation or other relevant national legislation in New Zealand; and with procedures concerning the coordination of supervisory activities, including on-site inspections.

This MoU is an arrangement between ESMA and FMA and not a collective arrangement with other European Union authorities. As such, it will not impact any arrangements which may be agreed directly between other European Union authorities and FMA.

Article 2

General provisions

1. Pursuant to the equivalence regime under BMR, ESMA does not have direct supervisory or enforcement powers over the Covered Administrators, with the exception of the obligation to withdraw the registration of administrators located in third countries where the conditions in Article 31 of BMR are met. ESMA therefore relies on the supervision and enforcement capabilities of FMA which supervises and enforces compliance with New Zealand's Laws and Regulations.
2. This MoU is a statement of intent to consult, cooperate and exchange information in connection with ESMA's prompt access on an on-going basis to all information requested by ESMA regarding the Covered Benchmarks. The cooperation and information sharing arrangements under this MoU should be interpreted and implemented in a manner that is permitted by, and consistent with, the Laws and Regulations.
3. This MoU does not create any legally binding obligations, confer any rights or supersede any domestic laws. This MoU does not confer upon any Person the right or ability, directly or indirectly, to obtain, suppress or exclude any information or to challenge the execution of a request for assistance under this MoU.
4. This MoU is not intended to limit or condition the discretion of an Authority in any way in the discharge of its responsibilities or to prejudice or affect in any way the individual responsibilities, competencies or autonomy of any Authority. This MoU does not limit an Authority to taking solely those measures described herein in fulfilment of its responsibilities and mandates. In particular, this MoU does not affect any right of any Authority to communicate with or obtain information or documents from any Person subject to its jurisdiction that is established in the territory of the other Authority.
5. The Authorities should, within the framework of this MoU, provide each other with the fullest cooperation permissible under their Laws and Regulations in relation to all relevant information and supervisory activities regarding the Covered Benchmarks. Following notification, cooperation may be denied:
 - a) where the cooperation would require an Authority to act in a manner that would violate its Laws and Regulations;
 - b) where a request for assistance has not been made in accordance with the terms of this MoU; or

c) on the grounds of public interest for FMA and of European public interest for ESMA.

6. If a request is denied, the Requested Authority will state the reasons. Where the Requested Authority presents objective grounds by reasons of which the request cannot be fulfilled in part or in whole, the Authorities will consult with a view to reaching an understanding on whether there is any assistance that could be provided.
7. The Authorities are not aware, as of the date upon which this MoU takes effect, of any domestic laws or regulations that could prevent them from providing assistance to one another as contemplated in this MoU.
8. To facilitate communication and cooperation under this MoU, the Authorities hereby designate contact points the details of which are as set out in the Appendix. Any amendments to the details of contact points will be communicated without undue delay to the other Authority.

For each update of the information referred to in paragraph 2(c) FMA should notify ESMA of the said update promptly. Where there is any change to the information needed by ESMA to discharge its obligations concerning the ESMA Registers, ESMA should notify FMA of the said change promptly.

The information should be provided in writing and using a transmission procedure or electronic means that ensures that completeness, integrity and confidentiality of the information are maintained during the transmission.

The information to be provided by an Authority pursuant to this paragraph will refer to the Covered Benchmarks. The determination of what constitutes “material changes”, “material event”, “adversely impact” or “material effect” will be left to the reasonable discretion of the Authority providing the information

4. *Exchange of Written Information.*

Each Authority, upon written request, intends to provide the other Authority with assistance in endeavouring to obtain information not otherwise available to the Requesting Authority and, where needed, interpreting such information so as to enable the Requesting Authority to assess compliance with the Laws and Regulations to which the Covered Benchmarks are subject, provided that the Requested Authority is authorised to collect such information. Such requests will be made pursuant to Article 4 of this MoU, and the Authorities anticipate that such requests will be made in a manner that is consistent with the goal of minimising administrative burdens.

The information covered by this paragraph include, without limitation:

- a) information that would assist the Requesting Authority in verifying that a Covered Benchmark complies with the relevant obligations and requirements of the Laws and Regulations of the Requesting Authority;

Article 4

Execution of requests for information

1. A request for written information pursuant to Article 3(4) should be made in writing and using a transmission procedure or electronic means that ensure that completeness, integrity and confidentiality of the information are maintained during the transmission. Such request for written information should be addressed to the relevant contact person identified in the Appendix. A request generally should specify at least the following:
 - a) the information sought by the Requesting Authority;

- b) a concise description of the matter that is the subject of the request and the purpose for which the information is sought, including the Laws and Regulations applicable to the subject of the request;

In Emergency Situations, the Authorities will endeavour to notify each other of the Emergency Situation and communicate information between each other as deemed appropriate in the particular circumstances, taking into account all relevant factors, including the status of efforts to address the Emergency Situation. During Emergency Situations, requests for information may be made in any form, including orally, provided such communication is confirmed in writing as promptly as possible following such notification.

Article 5

On-site Inspections

1. ESMA does not intend to conduct any On-site Inspection of the Covered Administrator as part of its monitoring of the ongoing compliance of the Covered Benchmarks with the requirements under BMR since the Equivalence Decision determines that the legal and supervisory arrangements of the jurisdiction of New Zealand ensure that Covered Benchmarks comply with legally binding requirements which are equivalent to the requirements of BMR, and that the binding requirements are subject to effective supervision and enforcement in New Zealand on an ongoing basis.
2. Given that ESMA, in respect of Covered Benchmarks, relies on the supervision and enforcement capabilities of FMA, which supervises and enforces compliance with New Zealand's Laws and Regulations, On-site Inspections by ESMA officers will only be considered in exceptional circumstances and subject to the prior agreement of FMA.
3. In such exceptional circumstances, the Authorities should discuss and reach an understanding on the terms regarding an On-site Inspection by ESMA officers, in particular with regard to the respective roles and responsibilities of the Authorities. ESMA will act in accordance with the following procedure before conducting an On-site Inspection:
 - a) ESMA will submit to FMA an initial written request with respect to the On-site Inspection. The request will include the factual and legal background to, the objective of, and an estimated time frame for, the On-site Inspection. FMA will acknowledge the receipt of the initial written request in writing within 10 working days of receipt;
 - b) when establishing the scope of any proposed On-site Inspection by ESMA officers, ESMA will consider the supervisory activities of FMA given ESMA's reliance on the supervision and enforcement capabilities of FMA in respect of Covered Benchmarks

and will consider any information that was made available or is capable of being made available by FMA.

4. In the event of an On-site Inspection, FMA will assist ESMA in reviewing, interpreting and analysing the contents of public and non-public Books and Records and obtaining information from directors and senior management of a Covered Administrator. FMA may, at its discretion, accompany or assist the visiting ESMA officers during the On-site Inspection.

4. Each Authority will store the information obtained under this MoU securely on a medium that ensure that completeness, integrity and confidentiality of the information and that allows the storage of information to be accessible for future reference.

 - a) the Requesting Authority intends to notify the Requested Authority; and
 - b) prior to the Requesting Authority sharing the information, the Requesting Authority will provide adequate assurances to the Requested Authority concerning the Governmental Entity's use and confidential treatment of the information, including, as necessary, assurances that:
 - i. the Governmental Entity has confirmed that it requires the information for the purpose enabling it to fulfil its responsibilities and mandates as described in Article 1(f); and
 - ii. the information will not be shared by the Governmental Entity with other parties without the Requesting Authority getting the prior written consent of the Requested Authority.

If consent is denied by the Requested Authority, the Requesting and Requested Authorities will consult to discuss the reasons for withholding approval of such disclosure and the circumstances, if any, under which the intended disclosure by the Requesting Authority might be allowed.
4. To the extent possible, the Requesting Authority should notify the Requested Authority of any legally enforceable demand for information that has been furnished under this MoU. When complying with the demand, the Requesting Authority intends to assert all appropriate legal exemptions or privileges with respect to such information as may be available.
