

What are the expected time frames?

MAY 2019

We have updated the indicative time frames for the new regime for financial advice to reflect the passage of the Financial Services Legislation Amendment Act and the approval of the Code of Conduct. The revised time frames are indicative only. More precise dates will be confirmed in mid-2019, but the new regime will not begin before the second quarter of 2020. In the meantime, now is the time to familiarise yourself with the Code of Conduct and the Amendment Act. You can find out more information on MBIE's website at www.mbie.govt.nz/faareview.
